

Student Locker Letter Assignment - Example

Student Name: John Doe

Grade: 6

Locker Number: 198

Combination: 12-24-05

Turn the dial to the RIGHT 

two or more times and stop at the first number.

Turn the dial to the LEFT 

one full turn  passing the FIRST NUMBER and stopping at the second number.

Turn the dial to the RIGHT 

again, stopping at the THIRD number.

Re-grip and pull out while turning the knob RIGHT  until your locker door open.

*Remember don't let go of the dial until after the door just begins to open. Otherwise, the locker will re-lock and you'll have to start over.

How to open your r combination locker lock
